Who We Are

It's not just about us.

It's about the women's safety, their protection, their livelihood! It's about the society.

It's about **YOU**.

Women are a powerful force to be reckoned with, but we get it. Life happens. It is unfortunate a lot of women have been experiencing homelessness and domestic violence in the greater Phoenix, Arizona area.

Janice's Women's Center will be a full-service women's shelter with a unique mission to transform lives. We are determined to help and house women who are homeless or need safe lodging during domestic violence disputes. We serve women in need and assist them in gaining the skills necessary to be successful in the future.

Our goals at Janice's Women's Center go beyond the here and now. We work to ensure that the women in our care are provided with services that will provide them with valuable skills.

At Janice's Women's Center:

- We teach women the art of **self-reliance**.
- We teach the life skills necessary to live a healthy and balanced life.
- We teach women how to make healthy choices in their life and how to turn those choices into habits.

Building a healthy lifestyle can be difficult, but at Janice's Women's Center, we provide the services so you can be a better you.

Your Investment Helps Women Facing Domestic Abuse and Homelessness

We are working vigorously to invest in a better and more sustainable future for the homeless women and women who are dealing with domestic violence in the greater Phoenix, Arizona area. We believe that no other organizations and care centers are facilitating these women in unfortunate circumstances as much as we at Janice's Women's Center plan to.

The funds raised through this sponsorship opportunity will help contribute towards the \$8 Million Dollar build of this amazing facility, that supports battered women. This facility will be built out of Cargo Containers and providing 52 tiny homes for the privacy of the women and children that enter into the care of Janice's Women's Center. The resources that will be provided has been structured to suit each individual woman but the focus is to provide entrepreneurship programs, so each woman can sustain their own wealth and invest in themselves.
